Editorial concept

Der Handel – The business magazine for traders

Der Handel is the business magazine for the entire trade sector characterised by small and mid-sized businesses. The core target group are the owners and decision-makers of small and mid-sized trade businesses. Der Handel appears monthly. The editorial focus is to support readers in their corporate management, whereby Der Handel provides constructively critical and descriptive reports on developments which concern traders. It also supports traders in their actions and economic activities with reliable decision-making tools.

According to the “Leseranalyse Entscheidungsträger in Wirtschaft und Verwaltung” (LAE 2016), the magazine reaches 145,000 decision makers. Der Handel has a coverage of 21.4% in the target group “Small and Mid-sized Trade Businesses” and 21.3% in the target group “Overall Trade”. The topics of this important target group are the topics of “Der Handel”. With our five competence fields Digitalisation, Payment, Logistics, Financing and Vehicle Fleet, we address the sector’s most important topics.

Digital Commerce for the SME Segment

Top start-up businesses Trade/FMCG and Digital Commerce trends for the SME segment.

The magazine is targeted at owners, CEOs and strategic decision-makers in the trade industry predominantly characterised by small and mid-sized businesses. This edition's objective is to

- ▶ make traders aware of the eCommerce distribution channel's growing significance
- ▶ provide traders with professional and illustrative support in their decision-making processes
- ▶ to strengthen traders with successful approaches (Pure Players, Multi-channel Players) and reliable investment advice.

Investment potentials in the SME segment

Germany is investing - we can tell you where.

We can tell you not only what moves the trade and the SME segment, but you will also be provided with information on the investments planned in this sector and the available budgets.

The ipm 7 study (developed by Der Handel, the Handelsblatt Publishing Group and IQ) accurately pinpoints the amounts flowing into the market during the next two years. This makes your target group even more transparent and your promotional measures even more effective. Talk to our sales representatives. We will introduce you to the results of the study - tailored to your business.

SME Combination

Your direct link to the SME target group

The “SME Combination” is a combination of tariffs from Der Handel and handwerk magazin, countable in the LAE or Leseranalyse Entscheidungssträger. This combination of tariffs allows you to reach the majority of decision-makers in the SME segment. Because both titles focus on the important economic sectors trade, craft and manufacturing in the SME segment. The SME Combination is a powerful partner for the SME target group at a particularly low cost per mille price.
